Dedicated and innovative tech enthusiast with a passion for creating seamless user experiences. As a skilled front-end developer, I am committed to crafting visually appealing and intuitive websites and applications. Eager to contribute my expertise in HTML, CSS, and responsive design to a dynamic team. I thrive in collaborative environments where I can apply my creativity and technical skills to solve real-world problems. Seeking a challenging position that allows me to leverage my passion for technology and front-end development to drive digital innovation and user satisfaction.

Experience

- 

Hacktoberfest 2k23

2023

Hacktoberfest 2k23 was more than a month-long event; it was a stepping stone towards a future filled with collaborative innovation. The skills acquired and the relationships built paved the way for continued contributions to the open source community. With newfound confidence and a heart brimming with enthusiasm, I looked forward to future collaborations, knowing that the lessons learned and the connections made during Hacktoberfest would remain etched in my coding journey forever.

Amazon Associates Programme

2023

Being a part of the Amazon Associate Program was not just about earning commissions; it was a journey of learning, growth, and entrepreneurship. It equipped me with valuable digital marketing skills, honed my content creation abilities, and provided a source of passive income. The experience taught me the importance of authenticity, audience understanding, and continuous adaptation in the ever-evolving landscape of affiliate marketing. My time as an Amazon Associate was not just a phase; it marked the beginning of a rewarding venture into the world of online entrepreneurship and affiliate marketing.
